

PipeBevel 360E

Excellent bevel results
for on-site applications

WEIGHT

11.7
kg

RANGE OF USE

110MM – 360MM

MAX PIPE WALL

10MM

SUITABLE FOR

STEEL
ALUMINIUM AND
STAINLESS STEEL

VOLTAGE

220–240V/50–60 Hz

PipeBevel 360E

Voltage/Power/Current 220–240 V | 1400 W | 6.1 A

No-Load speed 7000–10 500 r/min

Blade holder diameter 48 mm

Different bevel angles 30° | 37.5° | 45°

Speed preselection

Professional Pipe Beveller for on-site welding applications

Continuous good results for on-site pipe beveling applications with Exact's PipeBevel you can easily make fast and accurate welding bevels to pipes in a variety of materials. The user interface of the machine is similar to Exact pipe saws, which makes it easy for the operator to adapt after cutting the pipe with any Exact pipe saw. The cutting head of the beveller has 3 cutting tips, each of them having 4 cutting edges to rotate once becoming blunt, so it is economical to use. The cutting heads are available in most commonly used bevel angles (30°, 37.5° and 45°), and 'tailored' bevel angles can be made if required. A stopper feature also enables the operator to make similar additional bevels to the same pipe O/D.

PRICE INCLUDES:

PipeBevel 360E beveller, shoulder bag, pipe support x2, instructions, allen key 5 mm, DVD video. *THE CUTTING HEAD and BEVEL TIPS are separate compulsory accessories.*
